560 WQAM SPORTS

October 31, 1989

Mr. Bill Burrows
709 Division Street
Gloucester City, New Jersey 08030

Dear DXer:

Please accept this letter as confirmation of your reception of WQAM, Miami, Florida, U.S.A. The day, time, and programming details you provided were correct.

WQAM is a single tower, 5000 watt day, 1000 watt nighttime power station. Our antenna is 119 meters tall, series FED utilizing a NAUTEL solid state AMPFET 5 transmitter. The exact coordinates of its location are north latitude 25 44' 36", west longitude 80 09'14", approximately 1.6 KM east of downtown Miami. The antenna is diplexed with WKAT.

Thank you for listening to WQAM.

I wish you much enjoyment with your hobby.

Sincerely,

George Corso
Chief Engineer
